

# ARGO™ 7.0

TRITON'S FIRST TOUCHSCREEN ATMS, THE ARGO 7 & 7 ECO are available with a 7" wide color display and include all the innovative features you've come to expect from Triton. NFC-ready, the eco-friendly, printer-less model sends receipts via e-mail or text message and will save ATM deployers time and money over the life of the machine. No more service calls to change receipt paper or clear paper jams, and with a reduced carbon footprint it is better for the environment.

## FLEXIBLE

One of the most flexible ATMs on the market today, the ARGO 7 & 7 ECO are available with five dispenser options. They come with a multitude of marketing and branding features, an integrated topper and a high-topper option and have the capacity to perform contactless transactions.

## SECURE

Available with a UL291 certified business hours or Level 1 safe, the ARGO 7 & 7 ECO are ADA, EMV and PCI compliant and include added PIN security, improved dispenser security, an optional security camera, a TKM option, MACing and a blue LED-lighted keypad.

## MADE IN THE USA

For over 30 years, Triton has set the standard for manufacturing innovative cash-dispensing solutions. Specifically designed for the retail market, Triton's affordable, high-quality cash dispensers are built from the ground up in the United States and are easy to upgrade and easy to service.
